The problem

Braynr app

- The current state of the **Braynr app** is a desktop application that allows users to study and learn with the help of AI.
- The app is mainly focused on helping the students read and understand the content of their courses.

GOAL: Improve how students learn using Braynr

The solution

- **Pingu:** An agent that does it all!
- Lo-fi & electronic Music
- Pomodoro
- Pop-up questions
- Simulate an exam
- Help with writing
- Reminders for eating, drinking water, sleeping

6. Diagram

A cartoon illustration of a blue and white penguin standing and playing an acoustic guitar. The penguin has large, expressive eyes and a small orange beak. It is holding the guitar with both hands and strumming. The background is a solid dark grey.

Possible Improvements

- Backend is not fully configured
- Search
- Friend interactions and competitions
- Compatibility with other tools such as Google Calendar
- Limited offline support
- AI Limitations such as hallucinations
- Gamification
- Accessibility features
